

2nd Place : Platinum Group Metals Corp.

LADY SLIPPER. A flower of ground orchid which is endemic to four islands in the Philippines including Surigao del Norte. The one at the photo was found at the foot of PGM's operation along the Kinalbalaban River (upstream) in Brgy. Cagdianao, Claver, Surigao del Norte. The company is planning to preserve the area as a Biodiversity Conservation Area (BCA) a part of its proposed Bio Offsetting Program. **Photographer : Shaun L. Guinguing**
