**Social Equity and Development**

**The Philippine government recognizes the rights and participation of the communities and Indigenous Peoples and ensures the fair and equitable sharing of benefits among the company, the government and host communities.**

**Employment**

**796** (company employed as of 2016)  
While estimates vary, it is conservatively projected that for every basic job in the mining company, about four (4) ancillary and indirect jobs may be generated in the upstream and downstream sectors.

Estimated total cost of labor at the mine site is about PhP322.25 Million in CY 2017. Said amount includes salaries and wages, overtime pay, extra benefits both in cash and in kind, among others.

The emergence of small enterprises/businesses in the host and neighboring communities due to the presence of mining operations in the area, and the livelihood projects supported by the mining companies, which generate both employment and income, cannot be discounted. These economic activities will naturally stimulate the local economy.

**Environmental Protection and Management**

**The Philippine government ensures the adequate protection of the environment, before, during mining operations and beyond the life of the mine.**

**Social Development and Management Program**

**PhP3.29 Million** (2017)
